Portfolio – mohit-kulkarni-portfolio

## Profile Summary

---

Full Stack Developer experienced in building scalable web applications using **Java, Spring Boot, React, Node.js, and MySQL**. Skilled in **RESTful APIs**, performance optimization, and creating responsive interfaces. Passionate about clean code, Agile collaboration, and delivering robust, user-focused solutions.

## Experience

---

### CodeVerge IT Solutions

May 2024 – Nov 2024

Full Stack Developer Intern

Pune, Maharashtra

- Developed [BookAtDoorstep.com](#), an online book delivery platform enabling users to browse, order and schedule doorstep deliveries.
- Built [Fruttivo.com](#), a full-featured fruit e-commerce platform with a **subscription-based ordering model** using **Node.js, React, and MySQL**.
- Designed and implemented **RESTful APIs**, responsive **React components**, and integrated **Razorpay payment gateway** for seamless transactions.
- Created **user and admin dashboards** with order tracking, subscription management, inventory control, and analytics.
- Utilized **AI-assisted tools** like **Cursor** and **Windsurf** to ensure high-quality code, optimize performance, and boost productivity.
- Collaborated with team members to plan and test new features following **Agile methodology** and **Git-based version control**.
- Performed **code reviews, debugging, and performance optimization, improving response times and overall application efficiency**.

## Education

---

### Full Stack Developer – JAVA

Aug 2022

SEED Infotech

Pune, Maharashtra

- **Relevant Coursework:** Java, Spring Boot, RESTful APIs, Full Stack Web Development, MySQL, Hibernate, Microservices.

### Bachelor of Computer Application (BCA)

Apr 2021

Bachelor of Technology in Computer Science

Pune, Maharashtra

- **Relevant Coursework:** Graduated with core knowledge in programming, databases, and computer fundamentals.

## Projects

---

### Nums Bank / Java, Spring Boot, MySQL, Docker, Microservices, React

- Designed and implemented a **microservices architecture** for managing accounts, transactions, customers, and authentication.
- Utilized **Java and Spring Boot** for backend development, ensuring efficient service communication and strong data integrity with MySQL.
- Leveraged **Docker** for containerization, enabling seamless deployment and scalability of services.
- Developed responsive **React frontends** to enhance user experience through clean, intuitive interfaces.
- Focused on **code optimization, maintainability, and performance, improving reliability** across all services.

## Technical Skills

---

**Languages:** Java, JavaScript

**Technologies:** Spring Boot, React.js, Docker, MySQL

**Concepts:** Object Oriented Programming, Operating System, Cache Memory, API, Agile Methodology

## Certificates

---

- **Full Stack Developer – JAVA (Mar 2022 – Sep 2022)**
- **Python Programming (Aug 2022 – Dec 2022)**
